### **CODi DELIVERS SLEEK CASE FOR EXECUTIVES ON-THE-GO**

Director Launched with New Modern Design and Durable Ballistic Enhancements

**Harrisburg, PA (December 26, 2007)** – The Director Executive Leather Plus, a long-time favorite of CODi partners, has been redesigned and is now available for purchase. The new design is a modern take on the classic Director, but the improvements don't stop with its new look. Like its predecessor, the new Director Executive Plus is made predominately of high quality full-grain leather, but is now enhanced with CODi's 1050d ballistic material, reinforcing areas that endure the most wear and tear, making this sleek new case more durable than ever.

Like all CODi cases, the Director Executive Plus is notably light-weight. It is now 37% lighter than the original design, weighing only 2 lbs. 11 oz., making it one of the lightest premium leather cases on the market. No detail was overlooked. The case features a complete front pocket business organizer, top-load entry, leather wrapped handles for a comfortable grip and a removable shoulder strap. The new Director Executive Plus now accommodates most 15.4" widescreen notebook computers – an attractive and functional mobile solution.

**About CODi** - CODi, Inc. is a trusted provider of mobile business solutions, from a complete line of light-weight, high quality laptop carrying cases to mobile accessories and security solutions. Since 1992, CODi has been a pioneer in the notebook and tablet case industry, using only premium materials for durability and a lifetime of use. CODi's unwavering attention to the "corporate road warrior" ensures unique and attentive service to corporate partners and consumers.
